Adams and Alexander's operation, Dr. W. L. Reid on, 958
——— Mr. J. E., treatment of epithelioma of anus, 320; testimonial to, 1201
——— Mr. M. A., the ventilation and management of sewers, 883
——— Mr. W., Dupuytren's finger-contraction, 366; excision of head of femur, 860
Addison's keloid, case of, 1142
Address to Lancashire and Cheshire Branch, on local medical topics and Association work, Dr. E. Waters, 1; to Metropolitan Counties Branch, on the pathology and treatment of ostitis, Mr. C. Macnamara, 3; to Birmingham and Midland Counties Branch, on sanitation in some of its aspects, Mr. J. J. Nason, 6; to South-Western Branch, on the science of medicine, Dr. L. Shapter, 10; to Southern Branch, on hysterical or nervous breathing, Mr. W. M. Coates, 13; to South-Eastern Branch, on the relations of general practitioners, Dr. Galton, 15; to Yorkshire Branch, on some evidences of, and indications for, progress in medicine and surgery, Mr. S. Knaggs, 56; President's at annual meeting of Association, Dr. J. Cuming, 201, 247; in Medicine, on disorders of nutrition related with affections of the nervous system, Dr. W. M. Ord, 205, 248, 274; in Physiology, on progress in physiological science, Dr. P. Redfern, 212, 249, 275; in Obstetric Medicine, on puerperal fever, Dr. G. H. Kidd, 217, 277, 286; to Section of Medicine, on old and new views in medical science, Dr. J. W. T. Smith, 221; to Section of Surgery, on gastrostomy, radical cure of hernia, and thyroidectomy, Sir W. Mac Cormac, 222, 287; to Section of Obstetric Medicine, on the surgical aspect of obstetrics and gynæcology, Dr. C. Godson, 232; to Section of Public Medicine, on the cholera-microbe, Dr. C. Cameron, 233, 325; to Section of Ophthalmology, on the treatment of immature cataract, Dr. W. A. McKeown, 238; to Section of Psychology, on the pathology of insanity, Dr. G. H. Savage, 239; of retiring President of Association, Dr. A. T. H. Waters, 243; to Section of Physiology and Pathology, on the relations of physiology and pathology, Dr. W. S. Greenfield, 257, 352; to Section of Pharmacology and Therapeutics, on methods of therapeutic research, Dr. T. J. Maclagan, 260; to International Medical Congress, on collective investigation, Sir W. Gull, 305; on hydrophobia, M. Pasteur, 332; to Border Counties Branch, Dr. Muir, 340; on cholera and its bacillus, Dr. R. Koch, 403, 453; to International Medical Congress, on metaplasia, Dr. R. Virchow, 408; on the natural production of malaria, Dr. Tommasi-Crudeli, 408; on the neoplastic diathesis, Dr. C. Verneuil, 409; on the investigation of food-rations, Dr. P. L. Panum, 410; on the history of international medical congresses, Dr. P. L. Panum, 561; to Social Science Association, on health in England, Dr. N. Chevers, 597; introductory, at St. George's Hospital, on midwifery as a moral training, Dr. Champneys, 655; at the Westminster Hospital, on medicine as a profession, Dr. A. H. Bennett, 656; at the Middlesex Hospital, on preventive medicine, Dr. Finlay, 657; at University College, on the value of medicine to the community, Dr. Gowers, 659; at St. Thomas's Hospital, on medicine as a science and an art, Sir J. Risdon Bennett, 660; at Queen's College, Birmingham, on medical knowledge and medical wisdom, Dr. Sawyer, 660; to the Pharmaceutical Society, on scientific pharmacy, Mr. T. Dyer, 661; to Midland Medical Society, on the revival of ovariotomy, Sir Spencer Wells, 893, 949; to South Wales and Monmouthshire Branch, on the relations of the medical profession, Dr. A. Sheen, 896; to Glasgow and West of Scotland Branch, on infection and disinfection, Dr. J. B. Russell, 1039; introductory, at St. Vincent's Hospital, Dr. Quinlan, 1091; at Royal College of Surgeons in Ireland, Mr. T. Stack, *ib.*; at Mater Misericordiæ Hospital, Dr. Boyd, 1091; at the Meath Hospital, Mr. R. Macnamara, 1092
Addresses, introductory, remarks on, 665
Adenolymphangitis, uterine, Dr. Martineau on, 472
Adulteration of food, Dr. Brouardel on, 485
Advertisement, a medical, 1101
Afandsieff, Dr., experiments on micrococci of pneumonia, 90
Afghan frontier commission, medical charge of the, 480
Africa, medicine in remote districts of, 1215; the climate of, 1317
Age, minimum, of qualification, 728, 729
Aged persons, returns to Collective Investigation Committee concerning, 31; Dr. G. M. Humphry on the repair of wounds and fractures in, 55; Dr. E. Schmidt on, 400; Dr. J. A. Macdougall on, 712
Ague in the fœtus, Dr. Albrecht on, 431; the treatment of by lemon-juice, 653
Air, disinfection of, 864; purity of in schools, 1153; and water, the prevention of pollution of, 1314
Air-passage, foreign body in, 1193
Aitken, Dr. L., the influence of the eucalypti on the malaria of the Campagna, 637; a new and simple antipyretic, 653; the follies of quarantine, 791
Aix-les-Bains, the treatment of rheumatoid arthritis at, Dr. L. Brachet on, 411; alleged existence of the cholera at, 594; Dr. Brachet on Medical Treatment at, *rev.*, 1251
Albany, the late Duke of, hospital memorial to, 130
Albrecht, Dr. R., ague in the fœtus, 431
Albumen in urine, an important point in testing for, 50, 148; use of alcohol in testing for, 99; picric acid as a test for, 690, 736, 792; new and old tests for, Dr. G. Johnson, 697
Albuminuria, in the apparently healthy, returns to Collective Investigation Committee, 31; the causes, pathology, and treatment of, Dr. G. Johnson, 309; Sir A. Clark on, 312; Dr. W. R. Thomas on, 313; the significance of in pregnant women, Professor Halbertsma on, 471; in strangulated hernia, 672; case of, 692; and purpura, 1271
Alcock, Dr. A., obituary notice of, 1047
Alcohol, injections of in uterine hæmorrhage, 712, 810, 907; Sir A. Clark on, 1086
Alcoholic drinks, 373, 596; Dr. J. L. W. Thudichum on, *rev.*, 912
——— paralysis, 813
Alcoholism, acute, diagnosis of, 79; in childhood and youth, Dr. T. M. Madden on, 358
Aldridge, the late Dr. J. P., 834
Alexander, Dr. W., operation of shortening the round ligaments, 961
Alexander's operation, Dr. W. L. Reid on, 958; Dr. G. Elder on, 959; Dr. W. Alexander on, 961
Alexandria, special correspondence from, 689, 1094, 1157
Alkaloids, poisonous, in food, 733
Allbutt, Dr. T. C., Visceral Neuroses, *rev.*, 967
Allan, Dr., cough treated by ergot, 1142
Allen, Mr. F. W., the new *Pharmacopœia*, 301
——— Dr. J. H. L., strangulated hernia, 1073
——— William, and Guy's Hospital, 844
——— and Hanburys, Messrs., articles shown at annual museum of Association, 440
Alphand, M., a sanitary service for Paris, 984
Alpine winter cure, the, Dr. A. T. Wise on, 611
Althaus, Dr. J., a new theory of locomotor ataxy, 708, 1213; the late Professor Cohnheim, 936
Aluminium, oleate of, 751
Amaurosis in scarlatinal nephritis, 124
Amblyopia, central, Mr. Lawford on a case of, 68; from vapour of bisulphide of carbon, 760
Ambulance carriage, a new, 127; Dr. Howard's 452; for Dundee, 1089; for Greenock, 1258
——— corps at St. Thomas's Hospital, 671
——— demonstration in Glasgow, 1212
——— drill, the War Office order on training in, 145
——— lectures, 593; syllabus of, 837
——— Organisation, Surgeon-Major Evatt on, *rev.*, 867
——— service, public in New York, 695
——— transit, a rapid, 567
——— wagon, an electric, 289
——— work in Scotland, 482, 1306
Ambulances at the Health Exhibition, 31
Amidon, Dr. R. W., Student's Manual of Electro-Therapeutics, *rev.*, 1021
Amphibia, uterine and ovarian disease in, 1017
Amputation, spontaneous, 964
Amsden, Dr. G., presentation to, 914
Amyl-nitrite, internal use of, 147
Anæsthesia, surgical, Dr. O. Wanscher on, 425; of chloroform, M. Bert on, 741
Anæsthetics, deaths during administration of, 51, 723, 811, 826, 874, 975, 977, 1026, 1027; the administration of, Mr. W. Braine on, 1060, 1077; Mr. G. Eastes on, 1064, 1077; discussion on at Medical Society, 1077; remarks on, 1146; letter on, 1265 *See* Chloroform
Anasarca without albuminuria, 967
Anatomy, Inspectorship of at Sydney, 942; progress of in 1884, 1287
Anderson, Dr. D. H. B., on tobacco-smoking, 99
——— Surgeon, J. H., the cure of scorpion-stings, 844
——— Dr. J., case of myxœdema, 861
Andrew, Dr. E., deodorants in surgery, 883; the use of the cautery in eye-practice, 903
——— Mr. J. J., specimens shown at annual museum of Association, 438
Aneurysm of aorta, 1142
——— cirsoid, on dorsum of foot, 861
——— femoro-popliteal, 737
——— of hand, treatment of, 144

Aneurysm of heart, 909
——— in pericardium, 969
——— of splenic artery, 1017
——— thoracic, 789
Animals, organisms associated with disease of, 633
Ankylosis of hip, 1194
Annan, sanitary improvements at, 827
Anosmia, following injury of head, 123
Anthrax, cultivation of bacillus of, 579
Antipyretic and antiseptic treatment of acute infectious diseases, Professor Liebermeister on, 423
Antipyretic, a new and simple, 653, 907
Antipyrine, 914
Antisepsis, Mr. S. Knaggs on, 58
Antiseptic treatment, discussion on at International Medical Congress, 366; in war, 567; in abdominal section, results of, 825; a new vaporiser for, 1078
Antiseptics in laparotomy, Professor Mikulicz on, 470; in the treatment of wounds in children, 568; portable, 759, 948
Anus, epithelioma of, Mr. J. E. Adams, 320; artificial, Mr. G. H. Makins on a case of, 414; pruritus of, 993, 1110
Aorta, coarctation of, 909; aneurysm of, 1142
Aphasia after injury to head, 609; cases of, 1143
Apollinaris Water Company, articles exhibited at annual museum of Association, 441
Apoplexy, spinal, 739
Apostoli, Dr., electrical treatment of perimetritis, 473
Apothecaries' Hall of Ireland, officers and examiners, 331; regulations for licence, 521; new by-laws and regulations, 581
——— Society of London, pass-lists, 48, 97, 146, 198, 255, 302, 351, 398, 450, 551, 591, 641, 746, 794, 842, 890, 945, 990, 1050, 1084, 1169, 1217, 1316; examiners, 327; prizes at, 439, 891; regulations for licence, 504, 507; letter from to Medical Council, 819
Appeals, 92, 143, 256, 1172
Appendix, vermiform, 762
Aquarium, the Westminster, "Earthmen" at, 577
Arcachon as a winter health-resort, 695, 796
Arm, tuberculous ulcer of, 40
Army, British, medical officers in the Soudan, 45; examinations for promotion in medical department, letters on, 46, 323, 449, 495, 589, 639, 743, 793, 838, 887, 939, 988, 1045; promotions and appointments in medical staff, 78, 693, 744, 793, 837, 887, 938, 986, 1046, 1101, 1166, 1214, 1266; retirement of Surgeon-General Manley, 145; training in ambulance-drill, 145; regulations of examination of surgeons and surgeons-major, 344, 887; successful candidates for appointments on medical staff, 345, 496; lodging-money, 449; medals for conspicuous gallantry, 495; examination-questions, 496; medical officers and degrees in medicine, 500; regulations for admissions to medical service, 542; hygienic protection in action, 567; instruction of medical officers, 588; small-pox statistics of, 623; returns from medical department of to Medical Council, 725; opening of session in medical school, Netley, 792; alterations in medical service, 792; changes of station, 793, 986, 1214; royal warrant, 837; the medical officers and their new title, 870, 987; remarks on medical examinations, 918, 987; temperance in, 922; gymnastic instruction in, 987; marks at examinations for admission, 1098; examinations for admission, 1101; medical officers and food-contractors, 1102, 1266; Dr. Ormsby and the medical service, 793, 838, 940, 1102; Surgeon-Major Boileau's Statistics of the Medical Department Officers, *rev.*, 1144; resignation of Professor Maclean, 1201; monument to medical officers of Egyptian expedition, 1208; retrospect of medical service in 1884, 1301
